A Boat for a Year

Stevenson

I need to go away for a year. I could loan you my boat for that year. The boat	19
is made of oak. It has a sail. It has oars. If you keep the boat for a year, you	39
could sail to the sea each week. You could see sea weed and eels. You could	55
feel the air in your hair. With your ears, you could hear the seals wail. You	71
could see the seals leap into the sea. IF only you would keep my boat for a	88
year!	89
